APPLICATION PACK FOR AUGUST 2025

EVERY CHILD HAS TALENT, AND
ST GILGEN INTERNATIONAL
SCHOOL WILL DEVELOP IT

Welcome to St. Gilgen International School

JOIN OUR NEXT CHAPTER

St. Gilgen International School (StGIS) is a co-educational boarding and day school for students aged 9 to 18. Since the founding in 2008 we have seen consistent year-on-year progress and growth across the entire school.

In May 2016, ownership of the school passed to a foundation of parents of the school community (Privatstiftung). This ownership model harnesses our community spirit and drives us to work together in a continued effort to improve our already excellent school.

In recent years, under this ownership and governance model, we have grown our student numbers, become an accredited IB MYP school, successfully completed CIS and IBDP re-accreditation and put in place systems and structures to ensure our long-term sustainable future. As a school, we are now focused on going from strong to stronger as we write our next chapter together.

As such, now is the time to join StGIS and become a part of something uniquely challenging and rewarding.

St Gilgen International School is a **friendly** and **purposeful** place to work; we aspire to high standards in a low threat atmosphere of collaboration and mutual support.

Mission, Vision & Values

THE PATH OF EXCELLENCE

We empower students

Every student comes to us with their own unique knowledge, skills, energy and ideas. We provide our students with the tools and guidance to master their own educational path. However, we also recognize that young people need careful guidance and direction, and our small, safe and respectful community ensures that these essential conditions for learning are in place.

To reach their fullest potential

We believe that every student has talent and St Gilgen International School will develop it! It is not enough to just have potential, our students are encouraged to work hard and to believe that they can achieve more and go further.

Have a positive influence on the world

Our students will go out into the world, well prepared to be global citizens, who contribute, get involved, live responsibly and ethically, and build kind and caring communities.

To discover a lifelong love of learning

To live a worthwhile and meaningful life, it is essential that our students never stop the process of learning. This is the legacy that they will take from St Gilgen International School – to always be curious, interested, adventurous and engaged. We strive to ensure that every student is equipped and supported on his or her individual *Path of Excellence* and we never compromise on our three promises: **Excellence in care**, **education** and **activities**.

Our Location

AN OUTDOOR & CULTURAL PARADISE

Austria is a beautiful country which is both safe and nurturing. A unique feature of our school is its idyllic setting embedded in the village of St. Gilgen on Lake Wolfgang.

The beauty of our environment allows us to enjoy **exceptional opportunities** for outdoor adventure, including mountain biking, rock-climbing and hiking as well as sports such as skiing, sailing and horseback riding. Indeed, in the winter months students (and staff) can ski and snowboard every weekend. Our staff and students benefit from a healthy lifestyle with fresh, clean air, away from the hustle and bustle of towns and cities.

St Gilgen's proximity to the rich cultural centre of Salzburg offers our community the opportunity to experience top-class music and theatre. In addition we can enjoy weekend visits to the art galleries and museums of the beautiful cities of Vienna and Munich. StGIS is located in the village that was home to Mozart's mother.

Transportation links via the international airports in Salzburg, Munich and Vienna mean that access is straightforward from global destinations; in addition, Salzburg is served by an excellent European rail network.

Mathematics Department

MAKE IT COUNT

The Mathematics Department is a warm and welcoming group of people. We are a collaborative group of professionals who enjoy having in-depth discussions about our teaching and the best ways to support student learning. Although our curriculum is well-established, we enjoy the ongoing process of reflection and adapting our approaches and resources year on year.

In our department we take a student-centered philosophy, tailoring lessons to meet the unique needs of each learner. We value nurturing students' confidence and enjoyment of Mathematics. We use inquiry-based learning as a way of creating a deep understanding of mathematical concepts and carefully structure our lessons to give students the appropriate amount of challenge and support.

Beyond the classroom, we give students the opportunity to take part in individual and team competitions both internally and externally. We also hold STEM evenings to further explore scientific and mathematical ideas outside the classroom. Most importantly, we work to deliver high-quality mathematics lessons that leave a lasting impact on our students' academic journey.
